

PLANT A TREE, GET SOME GREEN

Shade trees on the south and west sides of your home can help reduce air conditioning costs in the summer and allow warm sunlight into the home during the winter. That's why we offer a credit towards your next bill after the purchase of a new shade tree.

So while you enjoy a new favorite spot to read, you'll also be enjoying extra green above your head and in your wallet. Plus, that well-placed shade tree can increase the efficiency of your air conditioner, and act as a windbreak.

So pick a tree, grab a shovel and save some money today.

HOW TO RECEIVE YOUR REBATE:

1. Complete the application form.
2. Attach original sales receipt or paid invoice.
3. Drop off the application at Independence Light & Power, Telecommunications offices, or mail it to the address on the form.

NOTE:

- Applications are accepted on a first-come, first-serve basis, until allocated funds are spent.
- Applicant MUST call Iowa One Call (800-292-8989) prior to planting tree(s). The hotline ID number must be reported on the application.
- Qualifying shade trees must be purchased and planted no later than 2019.

FOR MORE INFORMATION ON OUR ENERGY EFFICIENCY PROGRAMS, PLEASE CALL (319) 332-0100 OR VISIT INDYTEL.COM.

PLANTING TIPS

Large, deciduous trees planted on the south and west sides of your home will provide cooling shade in the summer, and when the leaves fall off, allow warm sunlight to enter your home during the winter.

Take these steps to increase the efficiency of your heating and cooling system.

- Tree species with round, horizontal oval and vase-shaped crowns when mature offer the best shading potential.
- High, wide-crowned deciduous trees provide the best shade.
- Always consider the ultimate size of the tree when choosing the type of tree to plant.
- Before digging, always remember to call a locating service (such as Iowa One Call).
- Trees should be planted 25 to 35 feet from the area to be shaded.
- Do not plant trees near underground pipelines or wires, septic tanks or overhead utility lines.
- Do not plant a large tree closer than 5 feet from a driveway or sidewalk; it could eventually push up the concrete.
- Do plant trees to shade roofs, windows, porches, air conditioning units or other areas of heat gain.

OTHER BENEFITS OF TREES

- Improve the appearance of the home
- Divide grounds into several use areas
- Help absorb noise
- Serve as natural air filters
- Provide privacy and protection
- Serve as windbreaks

COOL DOWN THIS SUMMER WITH A NEW SHADE TREE

- Trees can help reduce air conditioning costs in the summer and allow warm sunlight into the home during the winter.
- Get a credit towards your next bill.
- So pick a tree, grab a shovel and save some money.

At Independence Light & Power, Telecommunications, we join forces with other local not-for-profit utilities through WPPI Energy to share resources and lower costs.
