

Your Community Connection

Greetings from ILPT,

As your hometown cable TV provider, we work to provide you with the best service at the lowest possible price.

From year to year, cable networks such as ABC, CBS, NBC, and Fox increase the price they charge providers like us for access to their programs. As this coming year will be no different, we want to make sure you are aware of our rate changes ahead of time.

Starting January 1, 2022, our cable TV rates will change as follows:

- The **Lifeline Basic** package rate will change from \$22.95 to **\$24.95**.
- The **Standard** package rate will change from \$75.95 to **\$84.95**.
- The **Standard Plus** package rate will change from \$85.95 to **\$94.95**.

We do not take rate increases lightly and we want to be open about how much we charge for cable TV compared to other providers. The following table lists our current and 2022 cable TV rates, along with the rates in other communities, and the average monthly savings as an ILPT customer.
